DRIFTED DOWN STREAM

The Ferry Boat Has an Experience.

A ROD CHANCED TO BREAK

The Boat Was Unmanageable, and the Crew Could do Nothing—The Ben Hur Captured the Unfortunate Near the Glass Works, and Towed Her Back to the Landing.

The crew of the ferryboat had an experience yesterday that they will not forget for a few hours.

They were engaged in towing the float upstream when a rope caught in the wheel and broke the camrod. In an instant the machinery was disabled, and the little craft was at the mercy of the stream. The current was so strong that the boat made very good speed, and went floating down stream at an alarming rate. Because of the high water there was danger, and the few people on the shore who saw the accident did not realize it better than the crew, who wondered for a time how it was all to end. As the boat was unmanageable, the men could do nothing, and they waited for something to happen. At length they saw the Ben Hur near the glass works, and it was readily discovered that the boat would save them. The packet had some difficulty in making the capture, but it was effected, and the ferryboat towed back to its landing. Every effort is being made today to have repairs made at once, but the men employed do not believe the boat can run for several days, although it may be ready tomorrow evening. The damage was not great. Passengers will be transferred in skiffs for the present.

NEBRASKA SUFFERERS.

Their Destitution Appeals in Trumpet Tones to Common Humanity.

The suffering must be intense in Nebraska, as per information which comes to East Liverpool through absolutely reliable sources, and it behooves every good and true man and woman, with love of their fellows in their heart, to hasten to their rescue, through the medium of liberal contributions. The pastor of the First Methodist Episcopal church, in his sermon of Sunday night, cited an instance where a family of seven were forced to subsist on the pittance of two cents each per day. The Home Missionary society of the First Methodist Episcopal church will meet tonight in one of the class rooms, in order to make preparations to forward relief immediately. If called upon, don't you fail to give your assistance, even if you can cast into the fund but a single penny. Remember that "tis more blessed to give than to receive," and that "charity covereth a multitude of sins."

Laid to Rest.

Reverend McCullough delivered a touching sermon at the funeral services over the remains of Mrs. Thomas Miles at the Second Presbyterian church at 2 o'clock yesterday afternoon. The edifice was crowded, as the deceased was known and respected by all East End people.

Funeral services over the remains of Adolph Stein were held in the Catholic church at 2 o'clock yesterday afternoon, the musicians turning out in a body, as did the local union of mouldmakers, although the inclement weather interfered to a great extent in the attendance. The remains were laid to rest in the Catholic cemetery.

The funeral of the child of Mr. and Mrs. George Green took place from the family residence, Second street, at 2 o'clock yesterday afternoon, interment being made in Spring Grove.

Funeral services over the remains of the infant son of Mr. and Mrs. Merriman were held at the family residence in East End this afternoon, and the remains were interred in Spring Grove cemetery.

Died at Salineville.

George Smith, an aged and well known resident of Salineville, died at his home Saturday after a long illness. Deceased was a pioneer resident of Columbiana county and has spent many years in and near the coal town where he was respected by all. He leaves four children, James Smith and Mrs. John Hull, Salineville; George Smith, baggage-master at the Cleveland & Pittsburgh depot in this city, and a daughter who resides in the west. His son George was at his bedside several days before his demise, and attended the funeral which took place at 11 o'clock this morning.

Send in Your Old Clothes.

The ladies of the missionary society of the First Presbyterian church are

arranging to send help to the poor people of Nebraska, and will have the collections taken in the church next Sunday. A lot of clothing and other supplies will be collected at the church tomorrow evening, and a sewing society has been arranged for Thursday evening when the young ladies will be the guests of Mrs. Frederick. Over \$41 was contributed for the cause yesterday. The object is most worthy and should be liberally supported on every hand.

After the Canvas "Vestibules."

In speaking of the canvas vestibules on street cars the Cleveland Leader talks plainly:

"In such weather as that of yesterday afternoon and last night they are cruel. All the time they are a disgrace to the company which uses them to evade or make believe obey the law of Ohio. Action ought to be taken in the courts to see whether the state law can be satisfied by the partial shutting in of motor platforms with flimsy canvas."

Doubtless there are motormen in East Liverpool who cordially agree with the Leader.

River Notes.

The river is still falling slowly.

The Ben Hur arrived yesterday and put off a large quantity of hoop-poles and produce. The Lizzie Bay up had had a good trip, and the Bedford took on 15 casks of ware. The Ben Hur is due down at noon for Parkersburg, and the Bedford at 6 o'clock for Wheeling, the Keystone State for Cincinnati at 9 o'clock, and the Hudson up from Cincinnati tomorrow. The Scotia, which was to have left Pittsburg Saturday for Cincinnati, will not go down until tomorrow. A number of towboats, with tows of coal, passed down yesterday and today.

Down Went the Mercury.

The blizzard which came on Saturday afternoon was one of the fiercest ever seen in this section. In four hours the mercury had dropped 40 degrees, the atmosphere changing from a balmy beauty to a disagreeable whirling and flying of snow. Saturday night was disagreeable in the extreme, and Sunday saw the mercury playing about the bottom of every thermometer in town while the snow was so badly drifted as to make walking a hard task. The warm wave promised for this morning did not arrive.

The Girls' Band.

The many friends of Leader Curfman and his band of artists, will be glad to learn that success has attended the organization in New York State from the opening night at Fradville. At that place, and on the following night at Booneville, packed houses greeted the little ladies. The News Review, in common with a host of well-wishers in East Liverpool, will be glad to know that the members of the Girls' band will be greeted with the success they so richly deserve throughout their entire eastern trip.

Heating by Steam.

According to the Wellsville Union, it will not be a year before all the Cleveland and Pittsburg trains will be heated by steam, and the dangerous stove will have departed forever. A steam generator will be constructed somewhere near the passenger station in Wellsville, and trains will be charged before leaving, pipes from the engine sustaining the temperature on the road. The new system is similar to that employed by the old Connotton Valley road, and is expected to prove eminently satisfactory.

Will be Heard Thursday.

Richard Wilhelm, the young man who was arrested here by a Pittsburg detective several weeks ago because of his connection with the son of a banker and a subsequent deal relating to the manufacture of a patent washboard, will be tried in the criminal court of Allegheny county Thursday of next week. The case attracted no end of attention when the arrest was made, and the friends of the accused await the result of the trial with impatience.

Some Go to New York.

The party of manufacturers and their friends who leave tonight for Washington will number about 40. Some will take the limit of time, and be absent 10 days, going the rounds of the sights in Washington, while others will go to New York and Philadelphia. A portion will return to business as soon as the meeting is over, which will be in three days.

Sued for a Bill.

Ferd Oschman was made the defendant of a suit today when the B. Stroh Brewing company, of Detroit, asked Squire Rose to give them judgment for \$119.10. The case will be heard next Thursday morning at 8 o'clock.

NOW HEAR THEM KICK

The Juries Drawn For the Next Term.

LIVERPOOL LARGELY IN IT

The Number of People From the Southern Part of the County Is More Than Usual—Will Meet the Second Monday in February.

Special to the NEWS REVIEW.

Lisnon, Jan. 14—The grand and petit juries for the February term of court were drawn this morning by Clerk King and Sheriff Lodge, and are made up as follows:

Grand jury—Hugh Smith, Yellow Creek; R. W. Laughlin, East Liverpool; C. L. Edmonds, Wellsville; Aaron Armstrong, Elk Run; E. France, Center; I. Irwin, Wellsville; R. W. King, Franklin; George C. Murphy, East Liverpool; William Stanley, Perry; C. J. Holtz, Leetonia; Stanton Thomas, Middleton; John E. Gaston, East Liverpool; John S. Smith, Wellsville; J. M. Aten, East Liverpool; G. S. Mordock, Wellsville.

Petit jury—W. J. Mayer, East Liverpool; Nelson Calm, Salem township; William Nice, Center; A. J. Boyce, East Liverpool; W. Y. Calvin, Middleton; M. B. Dxford, West; E. Brinker, Center; W. H. Vodrey, East Liverpool; Robert Hill, East Liverpool; G. W. Croxall, East Liverpool; E. Whildye, Salem; H. C. Wells, Wellsville.

The grand jury is called to meet Feb. 11, and the other will convene a week later. The presence of so many jurors from the southern part of the county is one of the features of the drawing.

BOTH WERE DRUNK.

One Was From Wheeling and It Cost Him Extra—Police News.

Police court was not filled to overflowing this morning, and not one unfortunate was behind the bars, but Mayor Gilbert's treasury had a few more dollars than jingled in its recesses on Saturday night.

C. C. Smith came here from Wheeling, and was making himself obnoxious in a Sixth street saloon when an alarm was sent to the patrol and was answered by Officer Meador. Smith was gathered gently in, and when brought before Mayor Gilbert decided that he had done very wrong and paid the \$9.60 which had been entered up against his name.

Benjamin Scott became intoxicated yesterday, and was amusing himself on West Market street by acting in a disorderly manner when Chief Gill discovered him. He paid the \$6.60 assessed by the mayor, and went his way a poorer, but a wiser man.

Strange as it may seem, not one of the regulars have been near city hall since the workhouse contract was made, and there is a feeling about the mayor's office that some of the boys are afraid of it.

Not Township Doctor.

Since his election to the position of city physician Doctor Toot has been bothered by a half a dozen or more people who imagine that he is the township doctor and should look after the afflicted poor. The duties of the city physician are to simply act under instructions from the board of health as regards sanitary conditions, for instance to visit a house where there has been contagious disease and determine if there is any further danger to the family. Doctor Williams is the township doctor and acts under instructions from the trustees. The city physician may of course be called in case of an epidemic.

Too Cold For School.

The school rooms of Miss Conkle, corner Third and Washington streets; Miss Agner, opposite the postoffice, and Misses Myers and Deidrick, at the corner of Fifth and Washington, were closed this morning on account of the intense cold, and the scholars went home to get warm. Miss Conkle dismissed school again this afternoon, but the other rooms were warm enough to be comfortable, and study was resumed. So far as could be learned none of the other teachers were compelled to close, but several of the rooms were too chilly for comfort.

Will Meet In February.

The doctors' association and the board of health will hold a joint meeting early in February to discuss their attitudes toward each other. The doctors have prepared a uniform price list and will have it published soon.

Extra Precautions Demanded.

The cold weather has made additional work for the boys at central station, and the fire department is

ready for work at any time. Two men are on guard all night because there is danger that the alarm will not work properly in the cold. It is also necessary to keep the sidewalk clear of snow so that no time would be lost in getting out. The snow drifts at the doors, and would be an obstacle when obstacles are not wanted.

Brooklyn Is Helpless.

Special to the NEWS REVIEW.

BROOKLYN, Jan. 14—Almost the entire trolley system of the city is motionless. The number of striking motormen together with switchmen and conductors is 6,000. The public is greatly inconvenienced. The company are preparing to replace the strikers with men from other cities, and several thousand are even now on the way. Trouble is feared.

Some New Calls.

The township trustees received a number of extra calls this morning, and the needy ones were supplied as far as the resources of the authorities would permit. Thomas Lloyd will see Commissioner Welsh today, and endeavor to have the indigent ones given work about the city. It is hoped by this means to relieve the pressure upon the township treasury, and give the people an opportunity to provide for themselves.

Investigating a Complaint.

Game Warden Albright received a complaint today relating to a breaking of the game laws, and is at work looking after the persons charged with smashing that part of the law. He has been vigilant during the past few months, and the result is seen in the small number of persons who have braved the dangers of arrest. Sportsmen say that the condition of affairs is much better than for years.

A Popular Young Lady Dead.

The many friends of Miss Carola Denhart, of Wellsville, will be pained to hear that she died on Saturday, and was buried this afternoon. She was the daughter of John Denhart a river engineer who was killed at Wheeling several years ago. Miss Denhart was well known in this city as a young woman of sterling character, and was deservedly popular with a great many friends.

Albright Will Move.

Constable Dick Albright had something to say this morning concerning the claiming of goods after he had levied upon them, and stated his position plainly. He will sell the material in the Elgin butter store and also the goods of Thomas Abrams unless some one goes into court, and establishes a clear title. The claimants must do this to prevent him executing the judgment by having a sale.

No Gas in Wellsville.

Much complaint was heard around the offices of the gas companies today because of the shortage of fuel, and explanations were going on all sides. The Bridgewater had all that could be desired, but frost got into the pipes, and froze up the line to Wellsville so that the people there had none. The supply in this city was comparatively good, there being enough for all purposes.

Their Annual Meeting.

The stockholders of the Union pottery will hold their annual meeting tomorrow night in the office of the Ohio Valley business college. The election of officers and directors for the coming year will be among the most important business. The company has prospered exceedingly, and the pottery people have bright prospects.

Will Inquire In Washington.

Attorney J. J. Purinton will be among the party leaving this city for Washington this evening and will make it a part of his duties while in the capital city to inquire more fully after Frank Lenz, the missing cyclist. Nothing later than the last published letter has reached Mr. Purinton.

No Wonder It Suspended.

Special to the NEWS REVIEW.

DOVER, N. H., Jan. 14—The National bank of Dover suspended this morning, and there is great excitement among depositors. The cause is a defalcation that will amount to any sum from \$60,000 to \$90,000.

Returned to College.

H. E. Hall, the well known young divinity student, who has preached in the Second Methodist Episcopal church on various occasions, left this evening for Boston where he will again enter the university and remain until June.

AS AN ANGEL OF LIGHT

A Blessing to Those Addicted to Liquor or Morphine.

ITS SUCCESSFUL INTRODUCTION

In East Liverpool and Vicinity—It Has Had Wonderful Power in the Lives of Many Unfortunate Individuals in Different Parts of the United States.

Many grand and noble men—men who otherwise would have been good citizens, and a credit to society and the locality in which they reside—have become worthless characters and a nuisance to the community in consequence of the alcohol or morphine habit taking possession of their senses and lives. It is unnecessary to say that such men reside in East Liverpool. They can be found in almost every town and city in all this fair land, and even the farming districts claim many victims annually. It is unnecessary to say that these victims do not become willing slaves to debased appetite. Society and the first pleasures of the wine cup plant seeds which bring forth a harvest of misery and crime, and fasten habits which cannot be shaken off, save through help from others. The use of morphine is at first a pleasure to those who dally with the drug, but it in turn becomes a demon of sorrow and destruction, insidiously and quietly forging chains which are very hard to break. The man who comes to the aid of such unfortunate victims is indeed "An Angel of Light" in their lives, and comes to them as a blessing almost beyond compare.

Those in this vicinity who are addicted to these dread vices, and who have in vain tried to break away from them, will be deeply interested in this article and make note of the fact that the SILVER ASH treatment is about to be introduced here.

Mr. J. L. Swan has decided to open up an institute at this point. He is well and favorably known in this section of country, having many acquaintances and warm friends in East Liverpool. He comes into our midst at the earnest solicitation of those who stand in need of his services. Rochester and Steubenville held out special inducements for the location of an institute at those points, but East Liverpool was given the preference.

Mr. Swan has had wonderful success with patients in the past four years in Batavia and Canisteo, N. Y., and he has hundreds of testimonials from patients, business and professional men.

The Silver Ash remedies were discovered some seven years since by Dr. O. J. Gronendyke, of New Castle, Ind., and they are now in use in more than fifty institutes in the United States. They possess many advantages over all other cures or formulas for the cure of the dread alcohol habit. They are absolutely safe, and based on scientific principles. The patient is not detained from business, but can attend to his usual avocation. Special attention is given to strictly private treatment, if so desired. The institute to be located at East Liverpool will be the only one in the Ohio valley.

Mr. Swan, in an interview with a representative of the News Review this morning, stated that he had secured an elegant suite of rooms in the Fouts & Stevenson block, and would be ready for active business at this point about February 1. His family is expected to arrive here this week, as he proposes to become a permanent resident.

The Silver Ash treatment, desirable and wonderful in its curative qualities, and in removing the curse of alcoholism and morphine from the lives of the victims of the dread habits, comes within the reach of all those who so urgently need its powerful aid, as the sum of \$50 pays for a thorough and complete course of treatment.

To those who need the aid and assistance of the SILVER ASH cure, and who desire full and complete evidence of its wonderful power and efficacy, we would simply say that they can obtain all desired information by calling upon Mr. Swan or addressing a communication to him at the East Liverpool postoffice.

Talk of testimonials of wonderful cures performed, and you can be furnished almost any number you desire to peruse. These testimonials are not mere advertisements, furnished for the occasion and evolved from the imagination of a ready writer for a traveling physician of much pretense and little knowledge, but are expressive of the warm thanks of deeply grateful patients, who have been rescued from the depths of despair, consequent upon the drink and morphine habit; testimonials which can be proven to be absolutely reliable if you doubt the genuineness thereof. The SILVER ASH treatment is a wonderful one, and many persons residing in this section will ere long bear testimony to its power and efficacy.

EAST LIVERPOOL, O., MONDAY, JAN. 14.

For President,
WILLIAM MCKINLEY,
OF Ohio.

THE new currency bill may meet
with trouble because of the Vest
pocket voter.

If the number of candidates already
in the field can be taken as a criterion
there will be more than the usual
amount when the primaries are held.
All men mentioned to the present
time are good men, but there are
some who are better than others, and
it is these that the people must select
and place in office. Men who know
the laws of business, and have that
sterling integrity which makes them
look after the interest of the people
as they look after their own, are the
men we want.

It is safe to say that there will be
no more tariff legislation until after
the election of a Republican presi-
dent and another Republican congress
has taken its seat. The Democrats
are afraid to do anything in the
few short weeks of official
life they have left, and the Republi-
cans can do nothing as long as Grover
Cleveland sits in the White House
and the Populists hold the balance of
power in the senate. There are no
complications about this matter.

THE NEWS REVIEW quiet agrees
with the Salem News that this paper
is not abusing the county officials.
We simply saw that an injustice was
being done the taxpayers of the
county and following the path of duty
called attention to the matter in the
hope that the system would be
changed. As far as the county print-
ing goes the NEWS REVIEW can get
along very well without it, but fol-
lowing the clearly defined line that
the NEWS REVIEW is more widely
read than any other paper in this part
of the county, we consider it an in-
justice to the people to pay the
Tribune legal rates when the com-
missioners can get their money's
worth at this office.

WE ARE NOT IN IT.

Unfortunately as it may seem it is
nevertheless undoubtedly true that
Columbiana county will have few
pike roads if the state authorities
decided to put idle convicts at work
making highways. The trouble lies
wholly in the absence of a place to
keep the workers where they would
be carefully guarded, and the natural
antipathy of people who would be
called upon to pay for their food.
Stark and other counties equipped
with workhouses could get along very
well, and would experience no diffi-
culty, but there would undoubtedly be
a monumental objection from peo-
ple not directly affected. The system,
however, still seems the only feasible
plan of caring for the convicts who
are even now chafing un-
der the restraint of solitary confine-
ment and are costing the state a vast
deal of money which should be ex-
pended in other directions. If the
plan is adopted the only alternative
seems to let Columbiana county take
a back seat while others are given the
benefit of the idea.

Russia May Mix in the War.

ST. PETERSBURG, Jan. 14.—The Novoe
Vremya, in an article on the far eastern
question, says that if Russia's peaceful
and friendly overtures shall be ignored
she will be compelled to support by arms
her claims in Korea.

Major Paddock Very Ill.

DENVER, Jan. 14.—Major James W.
Paddock of Omaha, government director
of the Union Pacific railroad, is lying
dangerously ill with pneumonia in his
private car at the Union depot.

Earthquake Shock Causes a Panic.

ATHENS, Jan. 14.—A severe earth-
quake has occurred at Petras, the prin-
cipal seat of the foreign trade of Greece.
The shock caused a panic among the in-
habitants of the city.

FOR ANNEXATION YET.

Hawaiians Not Satisfied With
Their Republic.

A PETITION SENT TO DOLE.

The American League Asks That an An-
nexation Envoy Be Sent to Washington.
More Friendliness to Hawaii, It Is
Claimed, Exists in This Country.

VICTORIA, B. C., Jan. 14.—The steamer
Miovia has arrived, ten days from
Honolulu, having been off Cape Flata-
tery in the fog three days. Hawaiian
advises are as follows: A letter sug-
gesting that the government at once
send a special annexation envoy to
Washington has been presented to
President Dole and the executive council
by the American league. The peti-
tion is a strong one and makes several
telling points. It sets forth that since
the question of the islands was in con-
gress before, many fresh facts have come
to light and many members of the sen-
ate and house have changed their minds
upon the subject. In every instance
the alteration of view has been from
hostility to friendliness for Hawaii.
Even the administration now has able
and justifiable grounds for treating the
matter differently and is now in posses-
sion of reliable data. In 1893 it acted
upon misinformation.

The petition further states that the
sending of another commission will
force the treatment of the issue strictly
upon its merits. Prejudice has been
largely removed and partisanship elimi-
nated to a greater degree than ever.
The appearance of a second commis-
sioner before the same congress will
show that the people here are firm in
the determination to secure closer union
with the United States. The petition
had an enthusiastic reception at the
league. It covers a subject that has
been discussed not a little in the league
and on the outside. The letter suggests
a single man as the delegation, but the
individual in mind was not mentioned
in the petition.

Attorney Shupe Disappears.

CLEVELAND, Jan. 14.—Judge Stone
has ordered an attachment for Attorney
W. I. Shupe, who created a sensation a
few days ago by testifying before the
coroner that he knew the murderer of
General Freight August Caven of the
Valley railway but declined to tell the
name of the party on the ground that he
was a client. The court decided that
Shupe must give the information or be
held for contempt. The hearing has
been postponed several times owing to
physicians' certificates showing Shupe to
be ill and unable to appear. The prose-
cuting attorney sent a physician to
Shupe's house, and the fact was de-
veloped that the latter had disappeared.
Officers are searching for him.

Charged With Inhumanity.

SAN FRANCISCO, Jan. 14.—Captain
Baker, commander of the American
ship Kenniworth, has been held to
answer in bonds for \$250 by Commis-
sioner Peacock for failing to render as-
sistance to the American ship Flora A.
Sawyer, with which his vessel collided in
the Atlantic on May 19. The com-
plaint alleges that Captain Baker de-
clined to give the name of his vessel or
her port of registry and that he de-
parted from the scene of the disaster
before he discovered whether assistance
was needed. Captain Baker waived ex-
amination and promptly gave bail.

Morganfield Will Be Extradited.

CINCINNATI, Jan. 14.—Judge Wilson
has found the extradition papers in the
case of Charles Morganfield, wanted in
Virginia for the robbery of the Adams
Express company at Aquia Creek, to be
regular, and that the testimony adduced
showed the prisoner to be the man in-
dicted in Virginia for that offense. The
order to deliver him to the Virginia
officials is delayed until Wednesday next
to allow time for appeal.

Poisoned His Little Sister.

CHARLESTOWN, Ind., Jan. 14.—Dr.
Charles Bottom's little son gave his
sister, who was sick, a deadly poison
while "playing doctor." Shortly after-
ward the doctor, who keeps a drug store,
came in and found the girl in convul-
sions. The child lingered in intense
agony for several hours before death re-
lieved it.

Arrested on an Arson Charge.

CLEVELAND, Jan. 14.—Fire practically
destroyed the house of Patrick Gal-
lagher, at 35 Davenport street, in which

TWO families reside the Gallagher's re-
sided. Evidence of incendiaryism, dis-
covered by the firemen, led to the arrest
of Gallagher for arson. He and his wife
were away from home when the fire
broke out.

Will Vote on Bonds.

PITTSBURGH, Jan. 14.—On Jan. 26 the
people of Pittsburgh will vote on a \$4,-
000,000 bond issue. This was decided
upon at a conference of city officials to-
day. The people will vote on the bond
issue separately and will vote on four
propositions. They are as follows:
First, \$1,500,000 for waterworks; sec-
ond, \$500,000 for parks and bridges;
third, \$500,000 for Beechwood and Hia-
watha boulevards; fourth, \$500,000 for
permanent improvements in the depart-
ment of public safety.

Colonel Coit Indicted.

WASHINGTON, C. H., O., Jan. 14.—The
Fayette county grand jury, after exam-
ining 75 witnesses, found 16 indictments
in all, although the officials will not di-
vulge the names of the persons indicted.
The unofficial information is that Colonel
Coit has been indicted for manslaughter
for his connection with the recent riot,
and that Sheriff Cook was not indicted.
Colonel Coit has not yet been arrested.
He will have to be brought to this city
to give bond.

Serious Charges Against a Governor.

PHOENIX, A. T., Jan. 14.—Attorney
General Henry Hassen has resigned to-
day. Hughes, in a long letter de-
nouncing the governor as one who, for
his own ends, has been disrupting the
Democratic party, and affirming that if
he had the interests of Arizona and the
Democratic party at heart he would at
once tender his resignation to the presi-
dent, he charges the governor with mal-
feasance in office, and refuses on that
account to continue longer as his legal
adviser.

He Breaks Tombstones.

SHARON, Pa., Jan. 14.—A mysterious
individual, who has been properly
named "Jack, the Tombstone Maniac,"
has been working expensive havoc
among the cemeteries in the vicinity of
Clarksville, this county. Marks on the
broken stones indicate that an axe was
used. The theory is that the vandal is a
lunatic escaped from a nearby asylum,
who was seen about two weeks ago in
that vicinity. The loss is estimated as
between \$7,000 and \$10,000.

A Verdict For \$1,800.

FINDLAY, O., Jan. 14.—The jury in the
\$10,000 damage case of Zachariah Eath-
erton, administrator of Sarah Rodecker,
vs. the Toledo and Ohio Central Rail-
road company, has brought in a verdict
of \$1,800 for the plaintiff. The suit is
the result of the killing of Mr. and Mrs.
Rodecker at the Allen avenue grade
crossing, in this city, about a year ago.
The case will be appealed to the circuit
court.

Gutted by Fire.

SOUTH MANCHESTER, CONN., Jan. 14.—
The machine shop and engine room con-
nected with Cheney Bros.' silk mill has
been gutted by fire. Treasurer Cheney
estimates the loss at from \$50,000 to
\$75,000, which is covered by insur-
ance. The origin of the fire is unknown.
While assisting in the effort to subdue
the blaze Gordon Dunn fell from a roof
and sustained a fracture of the skull and
thigh.

Aid For Distressed Miners.

COLUMBUS, Jan. 14.—Columbus citi-
zens today sent a carload of provisions
to Gloster for the relief of distressed
miners and will send another car later.
Cincinnati will send a carload of pro-
visions to Nelsonville and another to
Shawnee. It is becoming apparent that
the greatest distress exists in Perry
county, the miners at Hemlock and
Buckingham especially having suffered
great privation.

To Repeal Local Option.

DUNBAR, Pa., Jan. 14.—A petition is
in circulation for the repeal of the local
option law now in force here. Due no-
tice has been given and the matter will
be laid before the legislature during the
present session. The law was passed in
1893. The Dunbar Furnace company,
whose works are at Dunbar, will oppose
the repeal.

The Family In Jail.

ZANESVILLE, O., Jan. 14.—Mr. and
Mrs. Solomon Lewis and their two sons,
comprising a whole family, are in jail.
The boys are indicted with a gang of
youthful burglars on a charge of enter-
ing the grocery store of Charles Ball and
John Winters, and the parents are in-
dicted on a charge of receiving stolen
goods.

Died of Heart Failure.

SARATOGA, Jan. 14.—Carey B. Moon,
for a generation the manager of M.
Moon's Lake House at Saratoga lake,
has died of heart failure. He was 82
years of age. He is survived by a widow
and son.

A COMPROMISE BILL.

Senator Jones Will Introduce
a Measure to

SETTLE CURRENCY DIFFERENCES.

It Has Received Favorable Indorsement
From Advocates of Both Silver and
Bonds—House Leaders Not Unfamiliar
With Its Provisions.

WASHINGTON, Jan. 14.—The probabili-
ties are that this week will see the in-
troduction of still another currency bill in
the senate. Senator Jones of Arkansas,
who at the critical stage of the tariff
legislation took that matter in hand and
harmonized the different elements so as
to bring definite results out of a decid-
edly chaotic condition, is the author of
the new bill, and he comes to the front
this time as a compromiser and harmon-
izer. There has been objections made
to the bills prepared by Senators Vest
and McPherson on the ground, in the
case of the Vest bill, that it leans too
much toward silver, and in the case of
the McPherson bill, that it is too ex-
clusively in the interest of bonds.

Senator Jones realizes that silver and
bonds are the two antagonizing elements
in this section, and his effort has been
to prepare a measure which, while it
will not be all that the friends of either
case would naturally demand, will in
the end secure the support of both ele-
ments. He has been in consultation
with many of the leaders of both these
contending elements in the senate, and
it is understood that this bill as out-
lined to them has received very favor-
able indorsement from the representa-
tives of all the conflicting interests. It
is also understood that the terms of the
bill are not unfamiliar to leaders in the
house. Furthermore, it is probable that
it has been brought to the attention of
the proper authorities in the executive
branch of the government.

The bill will first provide for the in-
surance of 2½ per cent bonds to the amount
of \$500,000,000, which are to be paid in
gold and are to be used both for the pur-
pose of meeting the current expenses of
the government and the redemption of
United States and treasury notes. The
bill will also provide for the issue of
bank notes to take the place of the treas-
ury notes in such way as not to produce
a contraction of the currency. Another
provision is that the national banks
shall be allowed to issue up to their par
value, and the tax on national bank cir-
culation is fixed at one-quarter of 1 per
cent. In the interest of silver the bill
provides for its unlimited coinage under
the condition that the holder of silver
bullion may take it to the mint and
have it coined into silver dollars, the
government retaining as seigniorage the
difference between the coinage value
of the bullion and its market value on
the day that the bullion is taken to the
mint. The bill also provides for the
withdrawal from circulation of all green-
backs, treasury notes and national bank
notes below \$20 and the substitution of
silver certificates in denominations of
less than \$20, which are to be payable in
silver. The bill will contain provisions
providing against either undue inflation
or contraction.

Probable Work of the Senate.

WASHINGTON, Jan. 14.—The prospect
is that the time of the senate will be di-
vided during the week between the dis-
cussion of the income tax, based on the
urgent deficiency bill, and the continu-
ation of the debate on the Nicaragua bill.
Senator Cockrell, chairman of the com-
mittee on appropriations, is very hope-
ful of being able to dispose of the income
tax question by the time the week shall
be half gone, and if he should succeed
in this Senator Morgan, who is in charge
of the Nicaragua bill, thinks there will
be no difficulty in securing a vote on the
canal bill before the close of the week,
thus having the way clear for the bank-
ruptcy and territorial admission and
other bills, as well as the other appro-
priation bills.

What the House May Do.

WASHINGTON, Jan. 14.—There is no
definite programme for the house this
week. There is a bare possibility that a
new currency bill will be thrown into
the arena of debate, but it is only a pos-
sibility. The consensus of opinion now
seems to be that any proposed currency
legislation to be successful must be in-
itiated at the other end of the capitol.
Today is District of Columbia day and
tomorrow the house probably will take
up the consideration of the Indian ap-
propriation bill, which is the only appro-
priation bill on the calendar.

Explosion in the Ohio Field.

CLEVELAND, Jan. 14.—Bullets from
various towns in the Ohio oil field gave
rise to the belief that a disastrous ex-
plosion had occurred. Upon investiga-
tion it was learned that 1,500 quarts of
nitro glycerine in a magazine belonging to
the Ohio and Indiana Torpedo com-
pany, near Gibsonville had exploded.
The magazine was demolished and a
great hole torn in the ground, but no-
body was injured. The shock was felt
in a dozen towns within a radius of 25
miles of the scene of the explosion.

Prospects For a Settlement Good.

DUNOIS, Pa., Jan. 14.—The prospects
for a speedy settlement of the coal
miners' strike are apparently very good.
The men are willing to work on short
time if their comrades who were re-
cently discharged are taken back. They
say they will make this concession in
order to keep the families of the idle
miners from starving. Mr. Elliott, the
general manager for Bell, Lewis &
Yates, the owners of the mines in which
the strike is in progress, has gone to
Buffalo to lay the proposition from the
men before the members of the firm.
He is expected back today, and upon the
reply he will bring depends the imme-
diate outcome of the strike. The
strikers say they are willing to make
any reasonable compromise that will
give all of them at least enough to pro-
vide bread for their families.

Officers Driving Mules.

MASSILLON, O., Jan. 14.—The Howells
Mining company is successfully operat-
ing with its own officers driving mules
in place of the striking drivers. It is
understood that an effort will be made
to break the drivers' strike at all points
today.

BARNESVILLE'S BLAZE.

An Ohio Town Suffers From a Severe Fire.

LOSS ESTIMATED AT OVER \$75,000.

The Blaze Supposed to Have Originated From a Natural Gas Fire—Water Gives Out, Which Rendered Outside Aid Unavailable—List of Losses.

BARNESVILLE, O., Jan. 14.—This city has experienced the most disastrous conflagration in its history, the loss being estimated at from \$75,000 to \$100,000. The fire is supposed to have started from a natural gas fire in the novelty store of M. T. Ward, on Main street, and quickly spread to the Enterprise printing office and other adjoining business houses.

When the fire department arrived the fire had a big start, and the volunteer department was entirely inadequate to the very old weather adding to the difficulties of the occasion. Telegraphic appeals for the aid of the Wheeling, Cambridge and Zanesville fire departments were at once sent out, but in a short time the eastern that supplied the engines went dry, and the request was countermanded. The fire was only stopped when it reached the fireproof Bradford block. The losses and insurance in detail are as follows:

J. W. Jenkins \$20,000, building and stock insured for \$11,500; E. P. Lee, Enterprise printing office, \$10,000, insurance \$1,800; R. M. Gunning, building and stock \$8,000, insurance \$2,000; M. T. Ward, stock \$1,000, insurance \$500; Baker & Walton lose \$1,000 on stock and fixtures, no insurance; R. M. Patterson \$1,000, insurance \$1,500; McKeever & Stevenson \$3,000, fully insured; Mrs. Sarah McKeever, building \$2,000, no insurance; Dr. Wellons \$5,000 on building and contents, insurance \$1,500; I. R. Lane & Son \$5,000, insurance \$2,500; Kinney & Taylor, building and stock \$3,000, no insurance; John Hill, building and stock \$6,000, insurance \$1,500; Mr. Meyer's residence, storehouse and contents \$5,000, no insurance. Other properties damaged by the fire are McKeever's hardware store, McCull's livery barn, the K. of P. lodge room, the Albert House, R. Gamenthaler's residence and jewelry store, Reinheimer's clothing store, the People's National bank, the Bradford block slightly and a few others.

A BLAZE AT BRADFORD.

Overheated Stove Caused It—Losses Small But Numerous.

BRADFORD, Pa., Jan. 14.—Fire which broke out in the Sheehan House, 99 Mechanic street, said to have been caused by an overheated stove, did a big amount of damage.

A number of firemen are suffering from frozen hands and feet. Mrs. Peterson's two daughters and son, who lived over Foley's barber shop, had a narrow escape. They saved nothing and were given clothing by the neighbors.

Mary Callahan, a guest at the Sheehan House, was aroused by the cry of fire and ran to the head of the stairs and lost her footing, falling down the stairs and broke her arm and leg. She was removed to a neighboring house.

The fire raged for four hours. A high wind was blowing at the time and the thermometer registered at zero, making it difficult work for the department. Several of the firemen were taken to places of shelter, with frost bitten ears and fingers, and two had to be conveyed in a carriage, being unable to walk. Following is the list of losses:

Mrs. Mary A. Peterson, 95 Mechanic street, building and household goods, \$4,000, no insurance. Other occupants: Anderson & Foley, barber shop, \$1,000; Tony Ammer, \$200; Sheehan House, James Sheehan, 99 Mechanic street, building and contents, \$4,000, insurance \$600; John Leonard, building, 101 and 103 Mechanic street, loss \$2,000, insurance \$1,000; Stein & Bradley, furniture, etc., stock lately owned by F. E. Kathan, 101 Mechanic street, \$750, no insurance; Isaac Rothstein, 103 Mechanic street, dry goods, \$1,800, no insurance; John Bueck, upstairs occupant 103 Mechanic street, \$200, no insurance; D. F. Rosenberg, Columbia block, 3-story brick, loss \$12,000, insurance \$1,500; occupants—John Fitzgibbon, 105 Mechanic street, butter dealer, \$600, no insurance; S. Fello, barber shop, \$800, no insurance; G. Gardello, fruit store, \$1,500, insurance \$1,000; Egbert & Ryan, 1 Main street, tailors, goods damaged by water, loss \$500, covered by insurance; Lewis Lamber, household and personal effects and valuables, \$3,000, no insurance; J. Bruce, superintendent B., R. & P. road, goods and effects, \$1,000, no insurance; C. F. Cummings \$700, no insurance; A. D. Potter \$400, no insurance; Conductor Roberts \$800, no insurance; P. Nushbaum, 2-story brick, 3 and 5 Main street, \$10,000, insurance \$5,500; Nushbaum & Steinberger, grocers, carried a \$20,000 stock, nearly total loss, insurance \$5,000; roomers—Sol R. Sheakley \$700; A. Willough \$800; Dr. G. W. Rae \$400, no insurance; Rothstein & Lippman Brothers on building, stock of jewelry, etc., \$15,000, insurance \$4,000; Dean Place, pho-

to-grapher, same building, \$200, no insurance; J. F. McQuiston, lodgings, same building, \$1,000, no insurance; Smith Brothers, grocers, building and stock, \$10,000, insurance \$5,700; Mrs. Myers, dressmaker, and Mrs. MacStro \$600, no insurance; C. A. Bodihe, 98 and 100 Mechanic street, windows broken and front damaged by heat, \$1,000, insured; Phil Nushbaum, residence and store, 102 Mechanic street, damaged by heat, etc., \$200, insured; P. G. Andrews \$300, no insurance.

A number of firemen were frost bitten, J. F. McQuiston had his hands badly burned and afterwards frozen. Robert Sisco and Robert Helm of the Citizens' Hose company are so badly frozen that their condition is critical.

PANIC AT A FUNERAL.

Snapping of Gallery Pillars Scared People In the Church.

NEW HAVEN, Jan. 14.—The funeral of the murdered Italian, Raphael Delgreco, took place Sunday morning from the Italian Catholic church. During the services the pillars supporting the gallery snapped and a panic ensued. Women and men jumped from the pews, and in the rush broke the windows and burst the doors from their hinges.

Incense Luigi and his wife jumped from the second story window. The man fell on his side on the pavement, breaking his arm. Several children were bruised by being trampled upon.

Arrested a U. S. Officer.

PARKERSBURG, W. Va., Jan. 14.—Policeman Robert Dyke of this city has been arrested before Judge Jackson of the United States district court, upon the charge of contempt of court in arresting an officer of the United States. The case was somewhat sensational. Dyke arrested George Damron of Logan county, who came here in charge of United States prisoners. He was charged with carrying concealed weapons, and taken before the police court, who fined him heavily. It was learned that Damron was an officer of the court, and Dyke was placed under arrest. After a trial of several hours, and a scoring by the court, Dyke was held to answer indictment. Dyke made the arrest upon complaint of a citizen, who alleged that Damron had mistreated him. The court ordered the police judge to return Damron's fine, and in the clash between the municipal and United States authorities the former were badly worsted.

Shipping Silver Bullion to China.

DENVER, Jan. 14.—Colorado refined silver bullion is being shipped by local smelters direct to China. No exact data is obtainable, as smelter men decline to give any figures, but it is positively known that several hundred thousand ounces have been shipped. The Omaha and Grant and the Globe smelters are engaged in the trade. It is not a new market for Colorado silver by any means, but the fact that it is being shipped direct from Denver and not through eastern and foreign agencies shows that the business men of the west are endeavoring to secure to themselves all the profits to be made in the trade.

Spain Stops Tariff Discrimination.

MADRID, Jan. 14.—The council of ministers has agreed upon a modus vivendi under which the United States will obtain the second column of the Cuban tariff in exchange for the concession to Spain and Cuba of the "most favored nation" treatment. The only point remaining unsettled is the duration of the modus vivendi, which will be decided by the ministers and Mr. Taylor, the American minister. The negotiations will continue for a permanent treaty.

Sued For Reckless Driving.

ATHENS, O., Jan. 14.—Mary Patterson, daughter of a leading citizen of Alexander township, has brought suit against Herbert H. Baker, son of ex-County Treasurer H. L. Baker, for \$10,000 damages. In her petition she alleges that she has suffered a permanent spinal injury which renders her an invalid, resulting from Baker's recklessness in driving into the rig in which Miss Patterson was returning from singing school.

Swindled Out of \$1,137,000.

YANKTON, S. D., Jan. 14.—The English creditors of J. T. M. Pierce of this city, who swindled them on forged school bonds, have scheduled their losses at \$1,137,000. The documents have been received here and an agent has come to stay until a settlement is made. It is believed here that they will complete the Norfolk and Yankton railroad in order to recover a portion of their losses.

The Robbers Got About \$3,000.

CHICAGO, Jan. 14.—Local officials of the Burlington road and the Adams Express company are still reticent about Saturday night's robbery, near Ottumwa. The estimated amount secured by the robbers has been reduced to \$3,000. Of this amount the railroad company's loss will be about \$450 and the express company loses the balance.

House Crushed by a Boulder.

PARKERSBURG, W. Va., Jan. 14.—As the snow melted near Glenville a landslide occurred, loosening a rock of many tons weight. The boulder struck a house occupied by the family of Charles Griffiths, completely wrecking it. The furniture was smashed and nothing but ruins is left. The family saw the rock coming and escaped.

The Match Declared Off.

BUENOS AIRES, O., Jan. 14.—The Bucyrus Athletic association has declared off the glove contest between Fred W. Yingling and Buck Johnston, which was to take place in Bucyrus on the 23d. The ministers of the city and better class of citizens made a vigorous complaint to the authorities, with good results.

Thirteen Persons Drowned.

MARSEILLES, Jan. 14.—The French steamer Acanis, employed in the local trade, foundered three miles off Cape Cayenne during a cyclone. Thirteen persons were drowned. The steamer Sentinelle observed the disaster, and though she at once made for the spot, she was too late to render any assistance.

School Closed by an Epidemic.

KENNETT SQUARE, Pa., Jan. 14.—Scarlet fever has broken out south of Kennett Square, and in consequence the Pleasant Bank public school has been ordered closed. One death, that of a daughter of Stephen Brown, has occurred.

LOCAL BREVITIES.

Miss Maggie Hertel is confined to her home on Fifth street with a threatened attack of fever.

City Engineer George moved from the First National bank building to city hall this morning.

McCain Bros. are arranging to pack a carload of staves for shipment to the Akron pottery, and W. T. McCain will go to that place when they are sent.

A number of young people from this city will attend a select ball to be given by the Brotherhood of Locomotive firemen in city hall, Wellsville, tomorrow evening.

R. C. Barnes left this morning for an eastern trip in the interest of Burford brothers. He makes Butler, Pa., his first stopping place but will go as far as Elmyria on this trip.

J. S. Burt, the gentleman who has been working in the interest of the Maccabees here, is foreman of the present Stark county grand jury and was compelled by his duties to return to Alliance Saturday night.

Clem McQuicken has purchased a fine team of white horses, which he is exhibiting to admirers of equine specimens. The horses have taken first premiums at every fair and show where they have been exhibited.

James Delaney skated three miles with Salisbury, Delaney and Woolmaker at the rink Saturday evening, and won easily. Delaney is arranging to skate a race with Hackett, of Pittsburg, one of the best known skaters in the country.

Services in the Second United Presbyterian church yesterday were conducted by Reverends Weir and Hall, the latter preaching in the evening. Reverend McCullough conducted services morning and evening in the Second Presbyterian church, East End.

The cellar of the Second Methodist Episcopal church building in East End has been partially filled with water for several days and this interfered with the heating apparatus to such an extent that Reverend Hall was compelled to dismiss services yesterday morning. Repairs will be made this week.

The meeting of the potters in Red Men's hall tonight to arrange for the establishment of headquarters and the possible erection of a building for that purpose will no doubt be largely attended. The subject has been much talked of among the operatives during the past week, and an interest is being taken in the matter which bodes good for the scheme.

Charles Surles has good cause for considering himself unlucky. On Saturday he paid out a \$20 bill to one of the employees in the D. E. McNicol pottery under the impression that it was a greenback worth but \$1 and later he lost a couple of tickets for the play at the Grand. The man who was \$19 ahead at the pottery has not yet called to return the cash.

The schools at Hookstown still remain closed on account of the dreaded scarlet fever, which has secured an alarming hold upon the town, and will remain closed for at least a week. There have been but few deaths so far from the disease, the two children of Mr. and Mrs. Matthew Babie being among them, but every precaution possible is being taken to prevent a spread of the fever.

A number of the friends of Miss Estella Arnold surprised that young lady at her home in East End Saturday night by calling and taking possession of the premises. The hostess was presented with a handsome gold ring as a token of esteem from her young lady friends, and the crowd spent the time pleasantly until midnight. A neat luncheon was served late in the evening.

Members of Manley's band who attended the funeral of Adolph Stein Sunday suffered greatly with the intense cold. In handling the instruments in the open air several of the musicians had fingers frozen, and several had their ears frozen until they are badly swollen today. The band left the procession at the Horn switch, the cold preventing them from going to the cemetery.

A number of persons are arranging to go to New Orleans next month to attend the great festival. They will leave here on one of the packets, and connect at Cincinnati with the New South, one of the finest boats on the river. The trip will cover in the neighborhood of 3,200 miles, and the whole party anticipate a delightful time. If possible another party will be arranged, a number of young men being already engaged in discussing the matter.

The slight fall of snow which the sudden change of weather brought Saturday caught the street car men unawares and as a result traffic was delayed awhile. Cars were stalled on the Wellsville road and the enforced transfer of passengers at the trestle and running of cars backward only made it worse. By 10 o'clock the line was in fair condition and cars ran regularly after 11. The street railway people, considering the difficulties under which they work, are doing remarkably well.

Caution about the Use and Selection of Spectacles

"Persons having normal vision will be able to read this print at a distance of 14 inches from the eye with ease and comfort. Who will be able to read it with ease and comfort? If unable to do so, your eyes are defective and should have correction. When the eyes become tired from reading or writing, or if the letters look blurred and run together, it is a sure indication that the eyes are in need of correction. The lenses used in the above glasses are of the highest quality and have perfectly fitted surfaces. Continued use of these glasses will result in positive relief from the constant strain upon the muscles of accommodation to supply the defects in the eyes."

New Clothing House.

By reference to large advertisement on third page of today's issue, it will be seen that we are to have a new clothing and gent's furnishing establishment in East Liverpool. Mr. M. W. Geiger, well known in this section, and at one time a resident of our city, has the management of the new house, opening up in the First National bank building, in the room formerly occupied by Henry E. Porter. Mr. Geiger solicits a share of your patronage, confident that he can give you full satisfaction in goods and prices.

Card of Thanks.

I desire to return my most sincere and heartfelt thanks to the many friends who came to my aid and assistance in my late deep sorrow and trouble, in the loss of my dear husband. I especially desire to thank the Turner society, the Musical union Elwell's orchestra and the Leidenkrants society for unselfish aid furnished by them. May the Giver of all good gifts bless and prosper the members, one and all, is the sincere prayers of
MRS. ADOLPH STEIN.

Attention, Members W. C. T. U.

The ladies of the Woman's Christian Temperance union are earnestly requested to meet at the rooms on Market street tomorrow afternoon, Tuesday, Jan. 15, at 2:30. A full attendance is urged. Every member should be present, as important business will be brought up. Don't be ranked with the lukewarm and laggards, but respond to the call of duty.

MRS. HOWARD, President.

Killarney and the Rhine.

J. E. Toole, a German dialect comedian of excellent manner and appearance, assumes the leading role in the play at the Grand tonight. The other members of the company are worthy to support the star, and the play is a melo-dramatic production in which the hero has many experiences. Killarney and the Rhine are profusely illustrated, and there is a great deal of very pretty singing.

Called Because of a Cow.

Humane Agent Lloyd imagined yesterday that he had a big case for the society when he was called to look after the condition of a cow in McKinnon's addition. After wading around in the snow and storm he found that the animal had simply strayed from home, and there was no danger.

Black Patti Will Sue.

Black Patti has been refused admission to the Lindell hotel in St. Louis because of her color, and promises to sue the management for \$5,000. When it was found that she and her husband could not be accommodated, they got quarters at the Leclade hotel.

Ice in the River.

There was a great deal of ice in the river today, and persons compelled to cross found anything but a pleasant journey. The ice was thick and dangerous, and the traffic was necessarily very light.

San Francisco Citizens Mad.

SAN FRANCISCO, Jan. 14.—The appointment of Mose Gunt, the well-known sporting man, as a police commissioner, the recent refusal of Acting United States District Attorney Knight to issue a warrant for the arrest of C. P. Huntington for violation of the interstate commerce law, and the issuing of a pass to Frank H. Stone, a politician, caused Mayor Sutro to issue a call for a mass meeting of citizens to take action in the matter. Strong resolutions were adopted. Ten thousand people were turned away, unable to gain admittance.

Robbed and Thrown From a Train.
CLEVELAND, Jan. 14.—Near Collins, O., Patrick Logan, a passenger on a westbound Lake Shore train, while standing on a coach platform, was assaulted by two unknown men, who robbed him of jewelry and money to the amount of \$200. Logan was then thrown off the train while it was moving at a rapid speed. He was found afterward in an unconscious condition. He has furnished a good description of his assailants.

A Street Car Strike Probable.

NEW YORK, Jan. 14.—That the Brooklyn trolley lines will be tied up is now almost certain, but just when is the question. From what can be learned from the men and the leaders, the tieup is likely to take place today.

Bill Cook Captured.

ROSWELL, N. M., Jan. 14.—Desperado Bill Cook has been captured near Fort Stanton by Sheriff Perry of Roswell. He was placed in Roswell jail and has been identified by several persons.
